

CFSEI
COLD-FORMED STEEL
ENGINEERS INSTITUTE

Load Bearing Systems with Cold-Formed Steel Construction

Date /Time **THURSDAY DEC. 3, 2009**
 Registration 11:30 am
 Presentation 12:00 noon – 1:30 pm

Location **Atlanta Marriott North Central at Century Center**
 I-85 North at Claremont Exit 91
 2000 Century Blvd. NE, Atlanta GA 30345
 (404)-325-0000

Cost **Students/Faculty:** No Cost (Valid student ID required)
Members: \$25.00 in advance/\$30.00 at the door
 Member rates apply for those joining at this meeting.
Other: \$30.00 in advance/\$35.00 at the door

Lunch will be served, and is included in cost.

Topic **Challenges in Load Bearing Systems Using
 Cold-Formed Steel Framing**

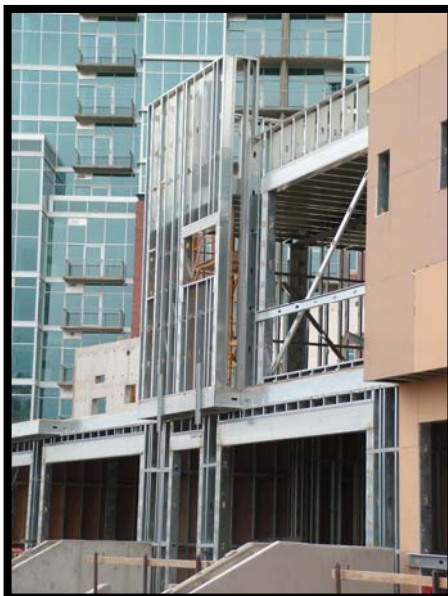

Speaker **Steve Walker, P.E.**
 Light Gauge Steel Engineering Group, Inc. Oakland, Florida

Agenda Highlights

With Codes that provide incentives for non-combustible construction and the quality of performance available with steel, more hotels, motels, apartments, condominiums, dormitories and assisted -living facilities are being built with load-bearing cold-formed steel framing. Steve will discuss integration of CFS framing systems with variety of other framing materials, including hollow-core precast concrete, masonry, structural steel and composite steel deck systems. Steve will discuss, through forensic case histories, problem observed on some recent projects. He will discuss the importance of the key relationships on the project – structural engineer of record, the specialty structural engineer and the fabricator/installer. A must attend session to discover the key factors to succeed with cold-formed steel design.

***This seminar counts for 1.0 Professional Development Hours of
 Continuing Education for Engineers.***

RESERVATIONS: For reservations, contact the Atlanta/SE Chapter Voice Mailbox at 866-465-4732, or fax this form to 202-785-3856; or email info@cfsei.org, attention: Rose Kuria. Please make reservations no later than noon, November 30th.

YES I will be attending this meeting. **NO** I cannot attend this meeting (However I would like more information about CFSEI & its programs)
